WELCOME!

Join us for the ***Everybody In Community Experience*** to connect and collaborate in your community context. From breakout sessions to community gatherings, the 2021 Community Experience is where you can find your passion point, your purpose, your place, and your people to co-labor in Building Bridges of Opportunity for reentry.

Successful and safe reentry takes all of us. You. Me. We. Everybody. When everybody's involved, included, and interconnected in efforts to create a better system of reentry, everybody wins in the community. Simply put, when everyone does something, no one has to do everything.

The ***Everybody In Community Experience*** is designed for you to leave equipped and engaged for your next actionable steps. With intentional strategic partners and transformative solutions, everybody can flourish in your community.

WHAT WE WILL DO

Gather in community to move together toward more fair and affordable housing, better employment opportunities, more effective advocacy, better mental and behavioral health responses, impactful kinship and family support, and truer juvenile justice efforts for and with our returning neighbors.

WHAT'S NEW THIS YEAR

- Targeted track sessions with industry practitioners on emerging opportunities in post-pandemic reentry
- Lunch & Learns with local reentry coalition leaders
- A dedicated time to engage with statewide reentry resources that makes every effort easier and more effective.
- Everybody In Intensives on Saturday for a deeper dive to activate in a specific area of reentry

ABOUT BUILDING BRIDGES

Building Bridges is a collaborative effort between community members from public, private, and plural sectors representing government, state agencies, non-profits, businesses, faith communities, and health and education services.

The mission of Building Bridges is to create space and opportunity for every community member to become more deeply committed to their community by being more deeply connect in community.

A full list of the planning team is available on the Building Bridges Website at westohioumc.org/buildingbridgesofopportunity.
