FAMILY RESILIENCE & FATHERHOOD: WHY DADS ARE KEY TO HEALTHY COMMUNITIES

Healthy, engaged fathers are vital to healthy families and healthy communities. Our guest speakers connect the dots between responsible fatherhood, thriving families, and equitable outcomes in the community. In addition, you

will learn a few tips on how you can support families better by supporting fathers in your community. Plus, you will get a sneak peek at what to expect at this year's **Ohio State Fatherhood Summit** coming up on **September 2-3, 2020**.

The [Ohio Commission on Fatherhood](#) is a state-wide commission whose **mission** is to enhance the well-being of Ohio's children by providing opportunities for fathers to become better parents, partners and providers.

The [Ohio Practitioners' Network for Fathers and Families](#) is a state-wide 501(c) whose mission is to enhance the outcomes of **children, families, and communities** by providing information, training, and encouragement to fathers and family-serving practitioners.
